

Good Shepherd Lutheran Church is blessed with having an excellent facility, a prime location, a beautiful sanctuary, easily accessible and functional spaces - almost all of which is used almost every day of the week - and expansive grounds.

Some of the best features of our building and grounds hint at the reasons our church is now here. Good Shepherd came to North Mankato with the goal of reaching out to this area with God's word.

It is important for us now to maintain and improve what God has entrusted to us for its intended purpose, welcoming all to worship and God's word.
